* Thinix MyMashup is a beta level time-limited application available through a separate download to License Holders of Thinix Touch. No support or warranty is provided for Thinix MyMashup

[†] After the initial first year, perpetual support will be available as an additional fee. Please contact sales for details.

[‡] The Thinix Touch Commercial license permits the user to create Thinix Themes derived from Thinix original artwork (Thinix Master Themes) that can be cloned to other Thinix Touch Business use licensed devices. Consumer Licenses do not allow the user to create distributable themes. Note that Consumer License Holders are free to create original themes which are not derived from Thinix Master Themes. Consumer License Holders can modify their own theme and can create theme elements which can be posted to the Thinix Touch Community Website (when available), but Consumer License Holders cannot create distributable themes which are derived from Thinix Master Themes.

Thinix Themes and Original Artwork Terms of Use / Pricing

"You" refers to the License Holder.

Consumer License Holders

You may download original Copyrighted Thinix Artwork for use in making new buttons under the condition that any buttons or other artwork You make using Copyrighted Thinix Artwork are the property of Thinix and are Licensed to you only for use in the Thinix software. You may upload buttons or other artwork You have created to Thinix, however You maintain no ownership over this Artwork and Thinix may distribute it or License it as it sees fit. You may NOT copy a Theme from one device running Thinix software to another device running Thinix software - This is a feature reserved only for Business and Academic License Holders

Business and Academic License Holders

You may download original Copyrighted Thinix Artwork for use in making new buttons under the condition that any buttons or other artwork You make using Copyrighted Thinix Artwork are the property of Thinix and are Licensed to you only for use in the Thinix software. You may upload buttons or other artwork You have created to Thinix, however You maintain no ownership over this Artwork and Thinix may distribute it or License it as it sees fit. You may copy a Theme from one device running Thinix software to another device running Thinix software - Providing You have obtained a Business or Academic License for both devices.

Academic / Non-Profit Pricing

To receive Academic or Non-Profit pricing, purchase must not be made online. Users desiring to purchase this type of license should contact the Thinix sales department to verify eligibility and to receive purchase instructions.
